

Cancer Resource Network

Helping patients, survivors, and caregivers

**Workplace
Solutions**

From the American Cancer Society

What is the Cancer Resource Network?

At the time of diagnosis, through the course of treatment, and even after treatment is done, individuals diagnosed with cancer and their caregivers have a wide range of needs. The American Cancer Society understands these needs and offers information, day-to-day help, and emotional support to cancer patients, survivors, and caregivers during every step of the cancer experience. Through our Cancer Resource Network, we offer up-to-date cancer information and resources from a trusted source in a convenient, confidential manner – anytime, day or night.

How does it work?

Your employees can call the American Cancer Society 24 hours a day, seven days a week, or visit us at cancer.org to take advantage of our free, convenient, and confidential resources. Trained Cancer Information Specialists will help ease their cancer burden by connecting them with the help they need.

Your Company's Role

- Encourage your employees affected by cancer to contact the American Cancer Society at 1-877-227-5668 or online at cancer.org.
- Create an ongoing promotional strategy to keep employees informed that having cancer is hard, but finding help for themselves or family members shouldn't be.
- Make employees aware of our Cancer Resource Network so they can take advantage of our free, personalized services. These services will help your employees learn about cancer, make informed decisions, connect with others, and get help and support in the community.

THE OFFICIAL SPONSOR
OF BIRTHDAYS.™

We **save lives** and create more birthdays by helping you stay well, helping you get well, by finding cures, and by fighting back.

Cancer Programs:

The American Cancer Society can help your employees navigate their way through diagnosis, treatment, and life beyond cancer. In addition to referring your employees to specific resources in their community, the Society also offers programs, services, and information to provide hope and support to your employees:

- **Cancer Survivors NetworkSM**: Online network that connects cancer survivors and patients
- **I Can Cope[®]**: Series of educational cancer classes given by doctors and other health care professionals
- **Hope Lodge[®]**: Short-term residences that provide housing and referral services to cancer patients free of charge
- **"tlc"TM**: Magazine and catalog with helpful articles and products for women dealing with cancer
- **Look Good ... Feel Better[®]**: Workshops that teach female cancer patients how to restore their appearance and self-image. This program is offered in collaboration with the Personal Care Products Council Foundation and the National Cosmetology Association.
- **Road to Recovery[®]**: Assists cancer patients and their families with transportation to and from treatment
- **Reach to Recovery[®]**: Connects breast cancer patients with breast cancer survivors
- **Man to Man[®]**: Support program for men facing prostate cancer

Fast Facts

Turn to the American Cancer Society for the information, day-to-day help, and emotional support you need every step of the way – 24 hours a day, seven days a week.
